TEB 45DF

TEBUCONAZOLE | FUNGICIDE

BENEFITS

- Cost effective disease treatment
- Dry flowable (DF) formulation is easy to handle
- Mode of action (DMI) works well in a resistance management program
- Absorbed through leaves and blossoms
- Steady, reliable disease control
- Curative and preventative disease activity
- Excellent crop safety

Teb 45DF fungicide provides highly effective, economical control of powdery mildew, black rot, leafspot, and brown rot in stone fruits nut crops and grapes.

A locally systemic fungicide, **Teb 45DF** fungicide forms the

basis of resistance management programs.

Teb 45DF fungicide also offers flexible use rates, a short re-entry interval as well as a short pre-harvest interval.

GRAPES:

- Teb 45DF fungicide provides unsurpassed protection against powdery mildew, which can cause adverse effects on grape quality.
- Teb 45DF fungicide enhances control of Botrytis bunch rot, which can lead to entire bunches of infected, blemished grapes.
- Teb 45DF fungicide is a sterol demethylation inhibitor (DMI), which is a foundation for resistance management when used in combination with a strobilurin fungicide.

STONE FRUITS :

- Teb 45DF fungicide effectively controls all forms of brown rot in stone fruit from first bloom to pre-harvest.
- Teb 45DF fungicide enters stone fruit blossoms and leaves and is absorbed into plant tissue, resulting in more consistent disease control.
- Teb 45DF fungicide also effectively controls blossom blight and fruit rot on stone fruit varieties.

NUT CROPS:

- Teb 45DF is now registered for use on almonds, pistachios and walnuts. See label for specific rate information.

Willowood Teb 45DF PHI / REI / Max Rate Matrix

	PHI	REI	Max. Rate/ Season
Crop:			
Almond	35 days	12 hours	32 oz.
Apple	75 days	5 days	48 oz.
Apricot	0 days	5 days	48 oz.
Cherry	0 days	5 days	48 oz.
Grape	14 days	12 hours	32 oz.
Nectarine	0 days	5 days	48 oz.
Peach	0 days	5 days	48 oz.
Pear	75 days	5 days	48 oz.
Pistachio	35 days	12 hours	32 oz.
Plum	0 days	5 days	48 oz.
Walnut	35 days	12 hours	32 oz.

ACTIVE INGREDIENT:

Tebuconazole: alpha-[2-(4-chlorophenyl)ethyl]-alpha-(1,1-dimethylethyl)-1H-1,2,4-triazole-1-ethanol..... 45.0%

OTHER INGREDIENTS: 55.0%

TOTAL 100.0%

EPA Reg. No. 87290-12
